

RESEARCH AND DEVELOPMENT COMMITTEE

The faculty at MRM CW has expertise in various research areas of interest to the dentistry. The institute encourages its faculty to perform special cases through which the faculty contributes toward the institutional growth, strengthen institute patient interface and enrich their professional experience.

Roles : - To oversee and supervise R&D and best patient care in the Institute and to ensure performance, by proper monitoring of research projects and engagement in all the research thrust areas, with the management.

Responsibilities:

- a. Exploring possibilities of research collaborations, nationally and internationally for long term development.
- b. Final assignment of work and fixing linkages and establishing monitoring framework.
- c. Reviewing and monitoring research and development activities in all the thrust areas so that quality research can be encouraged and slippages can be reduced through preestablished schedules given at the time of allotment of projects.
- d. Arranging lectures and seminars periodically to providing academic support and guidance to researchers on the basis of recommendation from Empowered Counseling Committee members.
- e. Monitoring quality of dissertations and thesis topics and reports.
- f. Giving feedback to researchers and management periodically (half yearly).
