Malla Reddy Narayana Multispeciality Hospital, Hyderabad.

ABOUT CPD

Pain is one of the most common and distressing symptoms encountered in clinical practice, yet its assessment and management remain complex and multifaceted. This Continuing Professional Development (CPD) program, aims to provide a comprehensive understanding of pain – from its fundamental physiological mechanisms to advanced strategies in chronic and palliative settings. Through expert lectures and interactive sessions, participants will gain valuable insights into evidence-based approaches for effective pain assessment, pharmacological and non-pharmacological management and the holistic care of patients experiencing pain across all stages of illness.

We warmly welcome you all to attend the CPD and make it a success.
