Scope of the Program:

Malla Reddy Medical College for Women is a private Medical College started in the year 2013-2014 with an intake of 150 seats and later it was increased to 200 seats with the kind permission given by the Ministry of Health and Family Welfare as per the recommendation of the Medical Council of India. The College and the Hospital are situated in a sprawling campus and has a total built-up area of 10 acres comprising of 4 buildings. The College is equipped with Air Conditioned Lecture Halls with multimedia audio-visual aids, state of the art skill labs well equipped demonstration rooms and Laboratories according to NMC norms. Our teaching staff consists of many renowned professionals from all over India.

Advances in pharmacotherapy and biomedical science are transforming clinical practice through precision treatment, disease modification, and improved patient safety. This CPD program highlights key emerging concepts advances in pharmacology, oncology, immunotherapy, ocular pharmacology, neurodegenerative diseases and therapeutic innovation in protein targets in cancer chemotherapy and their role in developing targeted therapies. Additional modules address the evolving impact of CAR-T cell therapy in cancers and the potential of epigenetic modulators to reverse chronic disease. Collectively, the program equips healthcare professionals with current, clinically relevant knowledge to strengthen therapeutic decisions, optimize outcomes, and enhance patient safety in a rapidly advancing medical landscape.
